

Ausiàs Bertran Gómez

Full Stack Developer

+ ABOUT ME

I am an empathetic, generous, passionate and creative person who enjoys creating and developing any type of project. Fanatic about work on team, new technologies and endless learning. Enhancing my passion for technology with my artistic training.

+ EXPERIENCE

WEB & APP DEVELOPER / SKYLAB CODERS ACADEMY

2020 - 2021

Develop web pages applications covering a wide range of scenarios: from managing simple API calls to creating shopping carts for e-commerce, through games or CRUD lists. Applying SCRUM patterns and ensuring unit tests.

MANAGEMENT, I+D+I / STOKER ROOM SCAPE

2016 - 2019

Set-up lighting equipment for a variety of events in the Theater and administered light direction and controlled light board during performances. Script creator, room escape constructor and supervisor of the gameplay and quality of the customer experience. Responsible for the corporate image and graphic designer of the scenography. Builder and programmer of challenges with C++ on Arduino.

QA BETA TESTER / RAKUTEN TV

2011 - 2013

In charge of all the media production process (preproduction, production and postproduction) and ensuring the quality that the media products (educational documentaries, training videos and university related conferences) meet the department standards.

DIGITAL ILLUSTRATOR / FREELANCE

2005 - 2012

Illustrator of children's books and cultural projects for town halls and publishers in the Barcelona area. Usual frameworks: Photoshop, Freehand, Illustrator, Indesign. I've also done occasional animations with After FX.
